"CHRIST AS CARPENTER AND BUILDER, THEME"

Of Address to be Given by W. H. Wilson

Ph. D., Member of Central Labor Union of Brooklyn.

Sunday afternoon at the Y. M. C. A., one of the most interesting and profitable addresses of the popular series which have been given this winter will be heard. Warren H. Wilson, Ph. D., a member of the Central Labor Union of Brooklyn and assistant superintendent of the department of Church and Labor of the Presbyterian church, will talk to workmen on the topic "Jesus Christ, Carpenter and Builder."

Mr. Wilson has been working among the people of the working class in New York city for the past ten years and the results of his work have attracted the attention of social workers throughout the country. By reason of the first-hand knowledge which he has gained, he is eminently fitted to talk upon the social standards and institutions of which he has made a thorough study; he is a speaker of clearness, force, and conviction.

The Central Labor Union of Brooklyn, in which Mr. Wilson has served four years as a delegate, has made the following endorsement of him: "As your Alma Mater in the Labor question, the Central Labor Union naturally feels a pride in your promotion to a position of wider usefulness. You have not only sincerity and sympathy to equip you for your work, but experience, knowledge, and understanding in the Trades Union."

The instrumental music will be furnished by Hutzler's orchestra and male quartette, Messrs. Seabridge, Barber, Hollings and Card, will sing. There will be a "Drop-In" Bible class at 5 p. m. directly after the meeting, to which everyone is welcome. The association building will be open at 2:30 p. m.

BIRMINGHAM WINS TEST

Makes Run on 30 Tons of Coal an Hour—Chester Used 49 Tons, and Salem 49.

Newport, March 27.—The scout cruiser Birmingham won first place in the 1,000 mile endurance and coal consumption test at ten knots speed over her sister ships the Chester and the Salem.

The Birmingham is fitted with reciprocating engines, and according to official data the coal consumption for each hour was only thirty tons.

The Chester, fitted with Parsons turbines, took second place, the consumption being forty tons, while the Salem, with Curtis turbines, used forty-nine tons.

The cruisers are coaling for a run of 750 miles at fifteen knots.

RHEUMATISM CURED IN A DAY. Dr. Detchen's Relief for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1. Sold by Curtis Pharmacy, 1149 Main st. cor. Elm.

POINTS OF INTEREST.

Now is the Time to Choose your spring hat. E. H. Dillon & Co. are showing a large variety of trimmed and untrimmed hats at prices much less than elsewhere.

Money in the Bank and coal in the bin are two very desirable things—and you can always bank on coal from the Naugatuck Valley Ice Company being a good investment. Try it. Downtown office at 154 Fairfield avenue, is handy—just off Main street.

Easter Preparation Days. Of course you are going to have at least one new thing to wear upon Easter day—according to the saying, you will not have good luck the rest of the year unless you do, but be that as it may, discriminating men, careful shoppers, are rapidly finding out that the ready for service apparel carried by John F. Keane & Co. is the equal of the best custom made garments in every way, but lower in price. Another point, it is ready when you want it—not a week later or even an hour. The best custom cannot surpass the clothing we sell, very few can equal it—clothes made by the world famous houses of Kuppenheimer and Rogers, Peet & Co. know where the good clothes are worn. We want you to stop in and view our vast showing of the new, smart 1909 models in suits, top coats, spring overcoats, raincoats and furnishings for man, youth or boy—get acquainted with the new styles, whether you have reached the buying point or not. If you want to realize clothes pleasure to the full, your spring outfit ought to come from the Library Corner Store. Sharp saving still upon trustworthy children's suits—fine spring suits at less than usual prices. "Gayer" hats, new neckwear, shirts, gloves, underwear, hosiery. An ideal Easter store for man, youth or boy. Clothes of first quality—nothing else. John F. Keane & Co., Library Corner.

Death in Various Forms. A crank came running into the office and said that a man swallowed a two foot ruler and died by inches. The editor started out at once to learn further particulars of the death and, meeting Dr. Martin, told him about the case. He said that was nothing; that he had a patient once who swallowed a thermometer and died by degrees. A couple of bystanders just then chipped in. One of them said it reminded him of a fellow in Kansas who swallowed a pistol and went off easy. The other one said he had a friend who took a quart of applejack and died in good spirits.—Exchange.
